American reader. Lady Mary lived and wrote in the first
half of the eighteenth century, when our land was a component portion of the British empire, and consequently her
genius and her fame are ours by inheritance. Her Letters
will be found valuable as well as amusing, aiding the students of history to catch the manners and opinions of Eng lish society in high life—then the dominant power of the realm, at the time Benjamin Franklin and his co-patriots in this western world were working out the problem of American Independence and popular sovereig sty."

WAR BETWEEN COSTA RICA AND NICARAGUA, The latest intelligence from Nicaragua is that a leclaration of war had been published between these two States; an event, it is believed, General WALKER most desired. WALETR had issued a proclamation stating that the democratic party of Nicaragna had invited him to espouse their cause and that he had endeavored to carry out the principles of the revolution of 1854; that the legitimist party had resisted all efforts at conciliation, and there was no recourse but war. The government of Costa Rica had issued an address calling on the people of Central America to destroy the North American invaders. It is alleged that the Nicaraguan army had been reinforced by 310 Americans, making according to the most reliable information, an active force of about 1600 men. The military force of Costa Rica is composed of 3000 regulars and 5,000 militia men. We shall now hear of the total overthrow of Costa Rica and the other States of Central America, and the establishment of a confederation under the auspices of the WALKER

men. HON. ELIJAH HISE, of Kentucky, Minister under Mr. Polk to the Central American States, arrived in Washington about ten days since, having been sent for by the President to consult with in regard to Central American affairs; and if he will accept the post of Minister to Nicaragus, it is said he will supercede Mr. WHEELER.

TO THE PUBLIC OF THE UNITED STATES. AN advertisement of Mr. UDOLPHE WOLFE, lately published, as I suppose, intended for the protection of his Schiedam Scnapps against counterfeiters, has come under my observation, and being engaged in the manufacture of Schiedam Scnapps, were I to let it pass without notice through this medium, I might be considered among those he denominates "Powie sad Penders of Powen," but the immense patronage and success that has attended the sale of the article manufactured by me, and the opinion of competent judges as to its qualities as a beverage and its medical virtues, precludes the possibility of the idea that I am included among those he designs to imp gn. No doubt he feels aggrieved at the depreciation of the sale of his Schnapps which is manifest to all, since mine has been brought in competiting with him in quality, but the constant and increasing demand of my article, has enabled me to furnish it at a less price than he can, or does—say \$2 to in the dozen. And furthermore, he will soon become satisfied that his caution to the citizens of the "Southern and Western Statos" will avail him nothing as far as I am concerned, for the character of my Schiedam Scnapps is too well established in those States, to be injured by any such invidious publication.—The motive of his a ivertisement is obvious to every one, and feeling weil satisfied that all such missiles thrown at me by him will fail harmless at my feet, I will here, for the attisfaction of the public, publish a copy of my Patent Eight, entered in the Southern District of New York, on the 28th day of December, 1864: AN advertisement of Mr. UDOLPHE WOLFE, lately

tered in the Southern District of New York, on the 28th day of December, 1854:

Copy of Patent Right.

SOUTHEEN DISTRICT OF NEW YORK, S. S.

Be it remembered, That on the twenty-eighth day of December, Anno Domini, 1854, Harmard L. Simpson, of the mid District, hath deposited in this office the title of a print or label, the title of which is in the werds of the following, to-wit: 'Barnard L. Simpson's Arematic Schiedam Juniper Schnapps a superior Tonic Anti-Dispoptic Invigorating Cordial," the right whereof he claims as author and proprietor, in conformity with an act of Congress, entitled "An Act to amend he several Acts respecting copy rights."

GEO. W. MORTON,

Clerk of the Southern District of New York.

And I take pleasure on this accasion to tender my sincree thanks to the public in general, and to my friends in particular, for the kind liberaity with which they have patronized me from my commencement of this enterprise; and I assure them, that I shall continue to provide them always with a genuine and superior article of Schiedam Schnapps.

June 30, '55—1y.

P. S.—The word Schiedam Schnapps is derived from a town in Holland, called "Shiedam," which is celebrated ass place of extensive Juniper Plantations and numerous Distilleries of the above article.

Everybody has the right and privilege to order the Juniper illeries of the above article.

Everybody has the right and privilege to order the Juniper Extract (a principal ingredient of the Schnappe) from that

place.

Does it not appear now poor and deceitful when U. W. is trying to make a brong and untrue impression on the Public, saying that the word Schiedam Schnapps belongs exclusively to his article, and that all others are Counterfelts and imposi U. W. has no monopoly, neither more right for the sole importation of Schiedam Schnapps than anybody else; and this poor argument which be intends to continue his long practised deception on the public, shows too plain that he feels and is how aware of an important and dashing opposition.

Important Revelations. A GREAT PHYSICAL LAW. Possessing the most important influence over the health of the body, has been entirely averlooked and neglected by the Medical Paculty.

Equalizing the circulation—the true method of preventing the establishment of disease—regulation the only means of purifying the blood and restoring the sick to bealth-quick efficacy of Radway's Ready Roblef and Radway's Regulators, in curing the patient of coughs, congestions, rheimatism proumonia, sore throat, infamations, force and ague, billious remittent and intermittent, scarlet, typins, charges, and all contents.

positive virtues of Radway's Renovating Resolvent, restoring the Consumptive to Health, and caring Bronchitis, Asthma, bud Hendaches and Dyspepala. HOW DISEASED ACTION BECOMES ESTABLISHED AND THE ELOODIMPURE. AND THE BLOODIMPURE.

Agreat error has long prevailed in the minds of medical men, "That impurity of the blood is the cause of discussed action." This is a serious miniaks. It is a disturbance of the circulation, and the establishment of discussed action, that causes impurity of the blood.

The R. R. K. theory holds the trath of the above maxime, for if a person be in a state of perfect health, each artery and vein must carry to and from the heart its allotted portion of blood, and when any set of vessels refuse (be the cause what it may) to carry their proportion, the carrant of blood becomes dammed up; in other words, a congestion takes piace, giving pain to a greater or loss extent. Here, is the beginning of diseased action being once established, the blood becomes impure, and the regularity of settion on the part of the liver, sain, howels, dec., is sure to be interrupted, and the general system, by sympathiating with the local complaint, becomes involved in the difficulty. That this is the true state of the case, let any one call to mind his symptoms on calching cold. The form difficulty may be a sore threat, which is a congestion of the blood, amounting sometimes to an inflammation about the threat, owing to a previous derarged state of the circulation; and he will remember that his bowels become costive, his liver derarged, or his sixth dry and feverish, his heast stopped up, pales and aches in his bones, joints, down the back, head aches, discharge of water from the cyes and nose, with many other unpleasant and painful symptoms. Had he used lindway's Ready Relief when the congestion was setting in, as an application to the threat, and swallowed a dose of the Regniators, he would have broken up the congestion, and restored the regularity on the part of the liver, skin, howeldedee, which had been broken in upon by the effects of the sore threat. Regularity being again stabblished, the impurablood is soon purified, and the circulation again equalized, and the health restored.

A severe fall; injury of the knee pan; Exercitating pains; Timely arrival; Successful efficacy of Endway's Ready Relief. JEPTHA GARDINER. Timely arrivat; Successful efficacy of Radway's Ready Relief.

Dresden, Wankly Co., Tenn., Dec. 31, 1885.

I, Jeptha Gardinier, of the above place, do publish, that for many years I have been afficied with Rhomasilem, and on the evening of December 20th, 1855, while walking in my yard, I feil with great violence on the les, bruising the knee pan very badly. I further certify, that on the above day Mr. John J. Benedict, a travelling agent of Radway & Co., arrived at this place, and hearing of my heavy fall and the terrible complaint that afflicted me, recommended me to apply Radway's Ready Relief, which I did, and in a very short time the pain censed, the swelling abated, and I am new able to walk without the use of my came, free from pain. I have tried several other remedies, but found no relief. In cases of extreme pain, Radway's Ready Relief is far preferable to all other remedies. If any one doubt the iruth of this certificate, let them call on me at my residence, or write to me at Dresden, Tenn., and I will give them full information.

For years Mr. Gardinier had suffered the forturing pane of Rheumatism. He was unable to walk without the aid of a stick. On the 29th of December he first tried the R. R. Relief. On the 31st he could walk without ald and free from pain. Let all who are crippled or bud ridden think of this.

FEVER AND AGUR.

Radway's Ready Reiter and Radway's Regulators are positive curatives for Ague and Fever. Let those afflicted take from two to five of Radway's Regulators every night, and a tea spoonful of Ready Reiter in water, on rising in the morning, and twice during the day—these will soon free the system from the poison of ague.

How the R. P. R. Remedles restors consumptives to health, stops the ravages of decay, heals ulcers in the lungs and throat, cures asthma, broughtles, chronic conghs, and all diseases and complaints of the tarest, lungs and chest. Persons who have been troubled with chronic sors throats, tupercise in the lungs, bronchitis, or glandelin affections, are informed that the R. H. H. Remedies will cure them of these terrible diseases on the same principle. Let the Ready Relief be applied externally on the chest and around the throat. This will effect an important and wenderfully honeficial result. It will ger up a powerful counter-irritating orce, and withdraw from the glands of the throat all congested blood that may interfere with the respiratory organs. Persons troubled with asthma, hard and difficult breaking, sharp paids when taking a loog breath, will find an immediate relief after an application of Hadway's Ready Relief, In cases where the lungs are diseased, we give Radway's Resolvent. The action of this medicine resolves away the diseased deposit. It heals all ulcers, and removes tuberoles, We have known persons, who had no idea of ever rising from a sick bed, to be restored to sound beatth with not a particle of consumptive material in their bodies to hasten decay. How the R. R. Resolvent curied the King's Evil, after a congress of crowned monarche failed to restore the supplicant to health.

The presence of pimples, blotches, pustules, tetters, rash, little sores, painful litchings, hot fashes, &c., are sure indications of the presence of foreign and impare humors in the system, and it allowed to mingle with the blood and remain in the system, corrupting the blood and filling the seware of the body with impurities, sores and ulcore will break out and cover the body with their repulsive presence.

The skin, under those poisonous influences, becomes an eruptive volcano, exhibiting to the eye the disgusting lara of disease in the form of sait, riemm, cancers, ulcors, fever sores, putrid feath, king's evil, and the most frightful eruptions of the skin.

Radway's Heady Resolvent has cured the most terrible of skin diseases and humors. If was never fait in the worst cases. LARGE HOLES IN THE NECK.

LARGE HOLES IN THE NECK.

An Emigrant called upon us a few months since, who had been troubled with the disease called King's Evil. He had two very large holes in his neck, and his head, body and legs were covered with the most disgusting and suckaying sores. We immediately placed him under the influence of the Resolvent. In six weeks from the time he called upon us every sore was healed. Not even a sore was left upon his body to tended time of the King's Evil.

This mad, like thousands of other definded persons, bad thrown himself prostrated before two Emperors, four Kings, and one Quoen, to be touched by the fingers of Royalty, believing that the hands of their "most sacred majesties would drive away the evil." The Henovating Resolvant and more power in restoring this poor deinded victim of a cruel disease to a sound condition of body, than all the kings and monarchs on the sarth.
